

# 2012 Digital Opportunity Survey for Individuals and Households

## User Guide

- I. The Center for Survey Research (CSR), Research Center for Humanities and Social Sciences Academia Sinica reorganizes and releases the data offered by Research, Development and Evaluation Commission, Executive Yuan. The released files include user guide, Comma delimited file, SPSS dataset, STATA dataset, report and code book.

## II. Released File Description

1. User guide

userguide2012.doc	including released file description, guideline for data validation and usage, guideline for citation and contact us etc.
-------------------	--

2. Datasets

data2012.csv	Comma delimited file
data2012.sav	SPSS dataset
data2012.dta	STATA dataset

3. Report

report2012.pdf	Report
----------------	--------

4. Code book

code2012.pdf	Code book
--------------	-----------

## III. Guideline for data validation and usage

1. The participants of the survey are our citizens over the age of 12 who live in Taiwan and Fujian area. At the 95% of confidence standard, the error of sampling is not over 4%. 13,257 are interviewed in total.
2. The items of the No.59 (variable 59) of Questionnaires and datasets have different account of numbers. Because the formal questionnaires change, please prioritize the datasets.
3. 2012 Digital Opportunity Survey for Individuals and Households is weighted in statistics. Two-dimensional weighting (wei1) is used in counties and cities; three-dimensional weighting (wei2) is used in all the cities.
4. The column widths of variable label and value description in the STATA are limited to 80 and 40 bytes, respectively, so the STATA dataset shows only the first 80 bytes as variable label, and the first 40 bytes as value description.

5. CSR has checked wild codes and out-of-range values, to validate and clean data. There is no doubt about data accuracy after the validation.

#### **IV. Guideline for citation**

Citation, based upon the requirement of various journals, theses or dissertations, can be revised.
